CONTINUED EDUCATIONAL CREDIT (CERTIFIED STAFF)

Any certificated employee who plans to enroll in a course or seminar at an accredited college or university and who desires such course or seminar work to apply towards an educational lane change on the salary schedule must file a request with the superintendent by June 15. All credit to qualify for lane changes above the B.A. Lane must be earned after the employee has been awarded the bachelor's degree. All credit to qualify for lane changes above the M.A. Lane must be earned after the employee has been awarded the master's degree. Credit in excess of what is needed for the specific degree earned before the awarding of the degree will not be credited for lane changes above the degree. The superintendent, in conjunction with the administrative team, shall grant horizontal movement on the salary schedule in accordance with the following:

Certificated employees not on an established graduate program in education shall be granted credit toward horizontal movement on the salary schedule under the following conditions:

- * The hours are graduate level classification.
- * The hours are in the subject area in which the employee is presently teaching or are hours outside the employee's present teaching area but are in the judgment of the superintendent and administrative team related to the employee's present assignment. Approval may also be based upon the teachers career development plan.
- * Proof of successful completion of the course or courses taken is provided.

Certificated employees who are on an established graduate program in education, in an area that supports their teaching assignment or as approved by the Centerville Administration, shall be granted credit for horizontal movement on the salary schedule in accordance with the following:

- *Courses must be part of degreed program.
- *Provide evidence of the successful completion of the course/s.

The employee shall file satisfactory evidence proving successful completion of course work or of the degree with the superintendent no later than November 5 for salary adjustments to be made for that school year. Adjustments in placement will occur in accordance with the date the evidence was filed. Salary will be prorated accordingly.

From time to time, the Administrative Team may support and encourage a course for staff which is specifically targeted to meet a district Staff Development need. Credit toward lane adjustment for successfully completing the course may be granted as though the course was taken for graduate credit, even though the district helped pay the teacher to take the course under these conditions.

1. The course received Administrative Team approval as a turnkey training course and staff members were chosen by the Administrative Team for this credit before the course began.
2. As a condition for taking the course, including for credit, while being reimbursed by the district the teacher agrees; if requested, to serve as a turnkey trainer for the district for a minimum of 3 years following the course. A turnkey trainer presents the contents of the course to district teachers as requested for staff development opportunities, and is paid the prevailing rate for teaching those classes.
3. The course was registered for Graduate Credit for members of the turnkey training group who choose to pay for these records.
4. Failure to serve as a trainer when requested will result in rescinding the credit for future contracts.
