

Tony Beeler Memorial STEM Scholarship

Applicants should be CHS graduating female entering a STEM field. Application must be type-written, or computer generated

Name: _____ Date of CHS Graduation _____

College Plans (include name of school(s) and intended major:

In the space below, briefly summarize your school activities, including any honors received or offices held (i.e., Band 9-10-11-12, Jazz Band 10-11-12):

In the space below, briefly summarize your community activities:

In essay form, please describe your future goals in terms of your college education and career in science, technology, engineering, and or mathematics. Please attach an additional page for this.

Suggested inclusions beyond sharing a little about yourself and your background are the following:

- * What experiences have you already had that sparked your interest in STEM?
- * Have you been a member of any STEM-related clubs or contests during high school or intermediate school (such as math or science clubs, robotic clubs or programs, computer science clubs)? If yes, please state the name of the club, your role, and level of involvement.
- * Do you have any awards in STEM-related subjects or activities? If so, name the award and the level (high school, Intermediate school, local, state, national).
- * How do you see yourself using your STEM degree in the future?
- * Feel free to include any other information you think is important for our consideration of your application.

Please remit to CHS Guidance Office by March 31, 2020.
